

Show your appreciation for the Allergist/ Immunologist who has made a difference in your life!

Some of the most meaningful donations we receive each year are from patients like you.

Pleased with your doctor's excellent care, the friendly office staff or the treatments you receive here that improve your quality of life? We gratefully accept gifts made in honor of your physician or someone special. You can note the honoree when you donate; a letter announcing your gift will be sent directly to them.

Research advances are being made every day that will improve treatment for those with asthma, allergy and immunologic disease. Giving to the AAAAI Foundation supports young investigators as they work to discover more effective means of treatment and prevention.

Donate today at [aaaafoundation.org/give](http://aaaafoundation.org/give)

*Funding research that leads to the prevention and cure of asthma and allergic and immunologic disease*
