

2012 ANNUAL REPORT

Allergy, Asthma & Immunology Education and Research Organization, Inc.

INVESTING TOGETHER IN OUR FUTURE

MESSAGE FROM THE CHAIR

I want to personally thank all of you who have invested in the ARTrust™ over the past year. Your support is invaluable and has enabled the Trust to continue its mission of supporting the training of physicians and research in our specialty to advance optimal patient care. Your gifts enabled the ARTrust to support a record number of grants this year.

The ARTrust Steering Committee is proud to announce that in 2012 three leaders in our field have stepped forward to establish the first **ARTrust: Investing Together in Our Future Lectureships**. Richard F. Lockey, MD FAAAAI and Family established the ARTrust and Stephen D. Lockey, Jr., MD lecture; Anjuli Seth Nayak, MD FAAAAI established the ARTrust and Anjuli Seth Nayak, MD FAAAAI lecture; and Donald Y.M. Leung, MD PhD FAAAAI established the ARTrust and Donald Y.M. Leung, MD PhD FAAAAI – JACI lecture. These partner lectureships recognize substantial contributions of at least \$100,000 to the ARTrust, either through collaborative contributions or individual gifts. We congratulate these members for their

inspirational example and for making a tangible difference in the future of allergy and immunology. I encourage all of our members to acknowledge these individuals personally for their belief in our mission.

Due to the efforts of all of you, the ARTrust supported **\$351,000 in total grant payments to 16 worthy recipients in 2012**, including one new Faculty Development Award, two ongoing Faculty Development Awards, two ongoing Gail Shapiro Clinical Faculty Awards, and 11 “Minis” (seed grants) in 2012.

Since the inception of the Trust in 1993 to 2012, we have made 77 awards totaling more than \$4.65 million by funding:

- Fifteen Faculty Development Awards: \$2,920,000
- Three Gail Shapiro Clinical Faculty Awards: \$450,000 matched dollar-for-dollar
- Three Faculty Salary Support Awards: \$190,000
- Two Immunology Research Awards (with JACI): \$200,000
- Four Clinical Research Awards: \$40,000
- One Clinical Fellowship Award: \$100,000
- 21 “Mini” grant awards: \$198,573
- 60/40 Program with University of Texas
- Establishment of three new training programs (with the AAAAI) via the Phoenix Program:
 - \$650,000 in support, matched dollar-for-dollar
 - 1. University of North Carolina at Chapel Hill School of Medicine
 - 2. University of Mississippi School of Medicine
 - 3. Pennsylvania State University College of Medicine
- Twelve Allied Health Travel Grants: \$9,000
- Hurricane Katrina relief:
 - Two Program Assistance Awards to Tulane University and Louisiana State University: \$100,000
 - 10 Travel Awards to Fellows: \$7,500

We should be very proud of these accomplishments to date, but there is still a great need for more resources to continue our mission. Nothing of value comes easily... **Investing Together in Our Future** will ensure our making a difference in perpetuity. Please join me in making your investment today.

Sincerely,

Dennis K. Ledford, MD FAAAAI

SUPPORTING THE A/I SPECIALTY

In 2012, the ARTrust continued its mission of increasing funding and support for allergy/immunology education, research and training through awarding 11 new "Mini" grants. "Minis" are small seed grants provided to fund projects that advance the knowledge and/or treatment of allergy, asthma and immunology for small clinical or research projects, new educational initiatives for professional and public audiences, other research including equipment needs, supplemental funding and FIT projects. The creations of the "Minis" allows the ARTrust to expand its reach even further.

The 2013 award application process opens in July and closes in November. Check the Members section of the AAAAI website at www.aaaai.org/members for more information.

TRIBUTE GIFT DONATIONS

Tribute gifts are a thoughtful way to celebrate a special occasion, give someone recognition or to honor the memory of a friend or loved one. When a donation is made, the donor can write a personal message for the honoree. Tribute gift donations can be made online at www.aaaai.org.

You can help us find treatments and cures.
